

OREGON DEPARTMENT OF GEOLOGY AND MINERAL INDUSTRIES

Vicki S. McConnell, State Geologist

NEWS RELEASE: October 25, 2007

Governing Board to meet in Portland November 6th

Portland, Oregon: The Governing Board of the Oregon Department of Geology and Mineral Industries (DOGAMI) will meet at 8:30 AM, November 6 2007, in Room 965 of the Portland State Office Building, 800 NE Oregon St. The public is invited to attend.

The complete agenda can be found online at:

<http://www.oregongeology.com>

The Oregon Department of Geology and Mineral Industries is an independent agency of the State, and has a broad responsibility in developing a geologic understanding of natural hazards. We then make this information available to communities and individuals to help reduce the risks from earthquakes, tsunamis, landslides, floods and volcanic eruptions. We assist in the formulation of state policy where understanding of geologic materials, geologic resources, processes, and hazards are key to decision-making. The Department is also the lead state regulatory agency for mining, oil, gas and geothermal exploration, production and reclamation.

The complete agenda can be found online at:

<http://www.oregongeology.com> or call (971) 673-1555 to obtain a copy.
